

Roll-In Saw Model JE1320 Vertical Band Saw Offers High Speed and Economy

When your projects call for consistent and precise cutting from a vertical band saw that is economically priced, the Roll-In Saw JE1320 Journeyman is the saw for the job. The digital speed control delivers reliable blade travel by enabling you to set the blade speed for the performance you want and the material you are cutting (at standard factory settings). The rigid, precision ground steel table is the ideal work surface for every job.

Whether you need a band saw for industrial use or home hobbies, the trouble-free JE1320 from Roll-In has the features you've always wanted.

Price: \$7,395.00
